1.How to compile and execute your program

2. The completion of the assignment:ALL

3.The hardness of this assignment and how you overcome it

一開始不知道要怎麼用遞迴寫二進位加法器，之後看到老師的講解，把問題拆成小問題，直到可以簡單解決，並且帶幾個數字試試看，最後我就成功寫出來了☺

4.Bonus function(s) you implement if any

無

5.Any suggestions about this programming assignment
